A. Project Abstract & Demonstration of Need

Codington County is seeking this grant to continue to expand diversion services and alternatives to detention in the community. In the last year, Codington County has developed a court approved diversion program that has served 84 youth. The County would like to continue to analyze diversion referral offenses and ensure programs and services fit youth needs and promote successful outcomes. Additionally, Codington County has developed a conditional release process that has kept four youth from being detained, while also ensuring they attended court and did not reoffend. In the next grant year, Codington County will continue to explore overnight alternatives to detention for youth when they cannot return home such as Court Resource Homes.

Demonstration of Need

There were 144 juvenile petitions filed in Codington County in the FY2020, compared with 152 petitions in FY2019. In addition to these petitions, 84 of those youth were diverted from the formal court process and were successful in their diversion program requirements. This number indicates an incredible growth in youth diversion cases from the previous year, but the need for continued diversion support in the community is still high. Of the youth that scored for an alternative on the Risk Assessment Instrument (R.A.I.), four were able to be conditionally released. In the last year, Codington County saw a slight increase in the Average Daily Population of youth in detention. This is mostly because of youth being unable to return home because of crisis situations and strengthens the need for Court Resource Homes. Codington County recognizes that there is still a need for a non-secure alternative to detention for youth in the community and will be seeking to explore these options in the coming grant year. The local JDAI work group is making it a priority to limit override use in this coming year to decrease unnecessary detention admissions.

B. Community Readiness

Codington County has been a JDAI site for almost three years. The JDAI collaborative includes the juvenile judge, juvenile prosecutor, sheriff, detention administration, high school administration, local service providers, court services, county commission, and law enforcement. In 2018, with the Alternatives to Detention Support Grant, we were able to integrate the Boys & Girls Club of Watertown agency to operate the JDAI program along with housing the new Youth Diversion Coordinator position. The agency has been involved with JDAI in Codington County since its inception. In addition, the agency currently provides diversion and prevention options through Teen Court and other programming.

The Youth Diversion Coordinator position has blended well into the Boys & Girls Club of Watertown infra-structure. The mission of the Boys & Girls Club of Watertown is “to inspire and enable all young people to realize their full potential as productive, caring and responsible citizens.”

The Club's vision is to provide a world-class Club experience that assures success is within reach of every young person who walks through their doors, with all members having a plan for the future, demonstrating good character and citizenship, and living a healthy lifestyle. Youth deserve the best we have to offer, and that means opportunities to work with positive mentors and learn from past mistakes.

Established in 1973, the Boys & Girls Club of Watertown has evolved from a juvenile diversion program serving boys out of a vacant downtown store, into a highly visible youth development program inspiring over 2,500 girls and boys annually and 400 youth per day in eight locations. The Club serves all youth regardless of their ethnicity, background or economic standing.

The Club, which is conveniently located next to the Watertown High School, has a successful history of administering a multitude of evidence-based programs. Recent programs currently offered include Positive Action: a systematic educational program that promotes an intrinsic interest in learning and encourages cooperation among students, and Project Learn: a program which reinforces academic enrichment through homework help, tutoring and games. We have learned the last two years that the Club was a good fit in leading JDAI services, and there has been positive evidence and impact on the youth in Watertown through the support of this position.

The position will continue to be housed within the newly renovated Boys & Girls Club facility, which is a secure building with 40 cameras, door access key fob system, and numerous security features. The Club features conference room space, classrooms and office space for the position. This youth center will continue to be a positive gathering place for JDAI committee meetings and youth meetings with the Youth Diversion Coordinator.

This position will again coordinate the Teen Court Program and we look forward to a continuum of services of the program which is currently facilitated at the Boys & Girls Club. The goal of this position was to expand the Teen Court program and offer diversion services to all levels

of youth entering the system. This goal has been achieved and we look forward to year three in the grant cycle, and working with the Codington County State's Attorney's office.

The Teen Court program sponsored by the Boys & Girls Club has been in existence since 2007. With this program, defendants between the ages of 10 and 18 are given a second chance. Through a referral from the Office of the States Attorney, these students are given an opportunity to stand in front of a jury of their peers to explain the crime they committed. Each defendant is assigned a student defense attorney and their case is presented. After the case has been heard, the teen jury deliberates on a disposition. This disposition is made up of community service, community action points, essays, classes, time spent at the Club, and also an opportunity to serve as a juror for future sessions. The defendant then has ninety days to complete this disposition.

In 2019, 22 youth were served through Teen Court, indicating the continued need for expansion of diversion services in the County. So far up through the COVID pandemic, 21 youth offenders were participating in the program. The cases that have been seen by the program range from underage possession of alcohol to possession of marijuana. In years past, the cases within the Teen Court program included underage consumption of alcohol and petty theft, but these have ceased since the introduction of Senate Bill 73. This could be an opportunity, dependent upon the States Attorney's office and law enforcement, to increase the number of cases within the Teen Court program.

The Boys & Girls Club organization has a proven track record of the knowledge, background and capacity to support juvenile justice services and already has many partnerships with Codington County as stated above. The County will continue work closely with the Boys & Girls Club in ensuring all programming, reporting, and reimbursement deadlines are fulfilled.

The School Districts in the County have been helpful in the expansion of juvenile diversion services and have shown great support in of this grant. School principals and their counseling teams

have always been dedicated partners and advocates for helping youth succeed and are open to adopting more alternatives to detention.

We see no direct barriers to prevent the proposed project in Codington County. Like most rural counties, staffing and budgetary restraints exist at the Codington County Sheriff's Department and funds from this grant will support a comprehensive JDAI program. The Sheriff's Department continues to foresee budget constraints with sending youth outside the County for overnight shelter care, and we anticipate this grant could fund this type of service on a local level giving more budget efficiencies and better services to the youth served. The Sheriff's Department supports these efforts and the JDAI committee will continue to work on overnight care in the County. We anticipate in year three working towards a model to offer Court Resource Homes to assist with this concern.

Please see the attachment #2 for letters of support. These letters and acknowledgement of support show a willingness to adopt the additional JDAI strategies within Codington County for the year three grant renewal. Attachment #4 includes a list of County Professionals in the community who gave their verbal approval for the year three application at the JDAI workgroup meeting on 5/11/21.

The average daily population (ADP) in Codington County (2020) for youth in detention was .5 with an average length of stay at 3.09. Codington County limits the use of secure detention but saw an increase in youth being overridden into detention in 2020. Codington County is seeking alternative options to include Court Resource Homes and electronic monitoring to keep youth that do not pose a public safety risk in the community. With the goal of providing access to a continuum of services, including culturally responsive programming, Codington County will decrease the overrepresentation of youth of color in detention and increase successful diversion outcomes for youth of color. The goal of expanding diversion options is to eliminate existing barriers such as transportation and ability to pay for services.

diversion programs and alternatives to detention. This data will be presented to the local JDAI collaborative on a quarterly basis to help guide decision making. Training opportunities such as the National Racial and Ethnic Disparities Conference and participation in four statewide trainings will further develop our strategies.

C. Alignment with South Dakota JDAI implementation

The average daily population (ADP) in Codington County (2020) for youth in detention was .5 with an average length of stay at 3.09 days. Codington County has implemented a conditional release process and utilizes the Boys & Girls Club as an evening reporting center when appropriate. Having an alternative option for youth will further reduce Codington County's override up rate. Codington County has managed to decrease barriers to services such as transportation and fees. This ultimately creates a more equitable system for all youth that come into contact with law enforcement. Codington County will continue to partner with community advocates and promote culturally responsive programming whenever possible.

The JDAI Coordinator is currently tracking all JDAI state required data points. In addition, the JDAI Coordinator has created a tracking method for youth on diversion. This data is presented to the local JDAI collaborative on a quarterly basis to help guide decision making. The Unified Judicial System will continue to support this position with training opportunities such as the National Racial and Ethnic Disparities Conference and state networking conferences with JDAI colleges. We have developed a strong relationship with our State JDAI Coordinator, Annie Brokenleg. She has been an important partner, and has helped us create collaborations with other state JDAI programs, improve our local program, and reach our goals within Codington County.

D. Strategies for Implementation

- I. The Youth Diversion Coordinator will continue to participate in monthly JDAI and Diversion Coordinators calls through the entire grant period.
- II. The Youth Diversion Coordinator will provide case management support and services.
- III. The Youth Diversion Coordinator will hold at least quarterly JDAI collaborative meetings with stakeholders to implement goals on the JDAI work plan. This will include developing and expanding upon existing Alternatives to Detention while utilizing data to drive decision making.
- IV. The Youth Diversion Coordinator will attend and participate in a National Racial and Ethnic Disparity Conference, in Louisville, KY, in the next grant year
- V. The Youth Diversion Coordinator will continue to explore and research diversion opportunities for youth based on current community needs.
- VI. The Youth Diversion Coordinator will continue to track and enhance data collection capabilities through the grant period.
- VII. The Youth Diversion Coordinator will participate in local government meetings when necessary to promote youth justice work and create sense of urgency for sustainability after the grant period ends.
- VIII. The Youth Diversion Coordinator, along with the state JDAI Coordinator, will seek to hold a RAI training for law enforcement members during this grant period.
- IX. The Youth Diversion Coordinator, Detention Center Administration, Sheriff's Department, and the County Commission will review data to determine funding for the next fiscal year.

- X. The Youth Diversion Coordinator, along with the JDAI collaborative, will explore overnight alternative to detention options for youth such as a reception center and/or Court Resource Homes.
- XI. Through the JDAI initiative, the JDAI workgroup will seek data on ethnic disparities and develop policies to address this. This will continue to include cultural training and a concentration on equity and personal responsiveness.
- XII. The position will support juvenile diversion alternative services divided into three responsibilities:
 - 1. JDAI coordination
 - 2. Teen court operations and diversion services
 - 3. Case management, referral and data tracking and analysis

JDAI leaders at both the County level and state level will work together to determine objectives and activities necessary to make progress on each of these responsibilities. Continuing to dedicate an FTE to these services will enhance juvenile justice services in Codington County and will provide consistent and reliable solutions for youth. The Youth Diversion Coordinator will promote collaborations between juvenile court officials in Codington County, probation agencies, the State's Attorney's office, schools, and other youth advocates. This application to the South Dakota Department of Corrections reflects a request for a third year of funding.

b. As an employee of the Boys & Girls Club of Watertown, this position will report to the Executive Director and Director of Operations and will participate in the standard annual evaluation and review process as all other Club employees. If certain measures need to be evaluated that are unique to this position, these performance measures will be guided by the State JDAI Coordinator and/or from the County.

c. To ensure the safety and security measures of youth members and other Boys & Girls Club employees within the youth development setting, the Youth Diversion Coordinator will give

permission for a background check that verifies their identity, provides a national sex offender registry search, and provides a comprehensive criminal search which include a national, statewide or County level search.

d. The Youth Diversion Coordinator is considered a Boys & Girls Club employee and will be engaged in staff meetings, trainings, and will follow all organizational policies and procedures. They will gain important skills related to youth guidance, program and curriculum development, working as a team, and adaptability.

e. All grant expenses, receipts and financial documentation for the Youth Diversion Coordinator including salary and benefits, travel and per diem, and equipment and operating expenses will be completed and sent monthly to the Department of Corrections for reimbursement, and cc'd to the County. Following each claim and reimbursement, the Boys & Girls Club Director of Finance will send the approved reimbursement documents to Cindy Brugman at the County Auditor's Office.

E. Project Performance Measures and Evaluation

Codington County and the Boys & Girls Club have had a positive collaboration with law enforcement, the State's Attorney's Office, and the local detention center to collect arrest, diversion, and average length of stay and average daily population data. The Boys & Girls Club is already tracking Diversion data and will work in conjunction with the State's Attorney's Office to track recidivism on all diversions. Data will be disaggregated by gender, race and ethnicity.

Codington County will continue tracking average length of stay and average daily population and will provide this information to the Boys & Girls Club to disseminate to the JDAI collaborative. The position will have access to up to date RAI data through the Unified Judicial System's JRAI data reporting system. In year three, training will continue to be provided to the Juvenile Diversion Coordinator on data collection, analysis, and dissemination by the state JDAI Coordinator and through statewide trainings and national conference.

We made great strides in the last two years and are proud of our accomplishments. Most notably we made a significant increase in diverted cases, and created both a pre-arrest diversion and conditional release process.

F. Description of Program Geographic Boundaries

The Youth Diversion Coordinator position will continue to serve youth, families, and community stakeholders in urban and rural Codington County. To give a better understanding of the county make-up, the 2010 United States Census, reported there were 27,227 people, 11,432 households, and 7,216 families in the County. The County has a total area of 717 square miles, with the County seat being located in Watertown, SD.

G. Target Population

The target population is youth under the age of 18 (and their families), who have had contact with the juvenile justice system or who are at risk of having contact with the juvenile justice system. Target populations for detention reform may also include youth of color, females, youth with school/truancy offenses, domestic assaults on a family member, warrants, and homeless youth.

The goal is to prevent or divert youth involvement in the juvenile justice system and to eliminate or minimize disproportionate minority contact. This project will focus on prevention and intervention for youth engaging in behaviors putting them at risk for justice system involvement. The JDAI collaborations in the County will work to create an effective, fair and efficient system that produces positive outcomes for youth, families and communities while protecting public safety.

According to the 2019 Kids Count Factbook, in Codington County, there are 1,001 households who receive Supplemental Nutrition Assistance Program (SNAP) benefits and 29 families who are enrolled in the TANF program. Youth living in poverty in Codington County is at 12.4%. Approximately 32% of school-aged youth in Codington County receive free or reduced

meals through their schools. These are all indicators that there are financial hardships for many families in Codington County.

From 2014 - 2018, the South Dakota Kids Count data summarizes children with working parents in the labor force in Codington County to be at 81% for children under 6 years and 82% for children 6 - 17 years. This high number of working parents is an indicator of children who may be without supervision and may have a higher likelihood of being arrested or receiving a citation as a juvenile. Maintaining a Youth Diversion Coordinator into the Boys & Girls Club diversion services will give parents peace of mind that we are providing additional quality mentors and supervision to community youth. The Boys & Girls Club has a history of making a huge impact on the community by fostering relationships and filling gaps youth need to live a positive and productive life and this will increase even more with a comprehensive JDAI focused program.

Dear Ms. Coppersmith:

We, the Board of Commissioners of Codington County, support the Juvenile Detention Alternative Initiative sub-grant application on behalf our county and community. This grant has been very beneficial and we believe that renewal of this grant will allow our community to continue the improved synchronization of community resources which have resulted in more alternatives which greatly reduce the need to incarcerate juvenile offenders. By minimizing juvenile incarceration, this program has the added benefit of helping to control our jail's inmate population.

We appreciate this opportunity and look forward to its positive impact in our community.

Sincerely,

Dear Ms. Coopersmith,

This letter is in support of Codington County's application for a year three renewal of the Alternatives to Detention Sub-grant through the Department of Corrections.

I can speak first hand regarding this success of this collaboration. As the lead agency in Codington County executing the directives for this grant, it has been positive and many new initiatives have been generated. The grant supported a new staff position housed within the Boys & Girls Club. This position, the Youth Diversion Coordinator, has been paramount in leading new systems including a conditional release agreement with the County jail and developing a pre-arrest diversion process.

As the current facilitator of the Teen Court program, we also realized the need for this type of program to give consistency and develop appropriate and effective detention alternatives to juveniles. The grant has supported our Teen Court efforts during a time of funding declines.

Two new initiatives will be considered this year including Restorative Justice practices and County Resource Homes for youth overnight stays. We look forward to another year of partnership with many agencies in increasing awareness and better serving the County and youth with expanded judicial services.

Sincerely,

Liz Christianson

Dear Ms. Coppersmith:

The Watertown Police Department supports the Juvenile Detention Alternative Initiative (JDAI). Specifically, we also support the work Ms. Brooke Reidburn is doing as the JDAI/Youth Diversion Coordinator. We have seen firsthand the successes of those who participate in the services provided by Ms. Reidburn. Ms. Reidburn's work with the teen court, diversion services, case management, referrals, and data tracking is an invaluable service to the area.

Ms. Reidburn's role has enhanced the juvenile justice services in this area as she has worked to provide consistent and reliable solutions to our youth. I have personally witnessed Ms. Reidburn collaborate with court officials, probation agencies, prosecutors, other youth advocates, and myself.

The Watertown Police Department further supports the goals of this position within our community to divert youth involvement in the juvenile justice system. The focus Ms. Reidburn places on prevention and intervention for youth is imperative to lower the risk of them becoming involved in the justice system. By reducing this risk, we are improving the lives of the youth, their families, and their communities. For the upcoming school year 2021-2022, I have requested the JDAI program take on juvenile vape issues to help educate the younger Middle School aged kids on the negative effects of using vape products.

We fully support Ms. Reidburn's application for this grant opportunity and look forward to its continued positive impact on our community.

July 20, 2020

Dear Ms. Coppersmith:

I am writing this letter in support of Codington County's commitment to youth success via JDAI. When we received our initial grant to allow us to hire a full-time diversion coordinator, Codington County took its first steps toward actively engaging in JDAI work. We had formed our collaborative months earlier, but for those first few months it felt as if we were only talking about JDAI. When we hired our diversion coordinator, we began to actively "do" JDAI. What a difference! I am more than happy with the outcomes we have seen in Codington County. We are diverting a large number of youth away from the juvenile justice system. We are continuing our work to have robust alternatives to detention. I feel that our county commission has seen and will continue to see the benefits of having this position and will keep it funded after our grant period ends.

Having a community partner like Boys and Girls Club of Watertown has really made this initiative successful. We continue to have the backing of our law enforcement partners and our State's Attorney's Office. I believe our collaborative works exceedingly well together. I fully support the changes that are being made in our county and I am committed to see our work continue.

Thank you for reading this letter. If you have any questions, please do not hesitate to contact me.

Sincerely,

Carmen Means
